Dear Concerned Person

I have applied a patent (Attorney Docket No. Uhm 04-1) entitled "Synthesis of Carbon Nanotubes by Making Use of Microwave Plasma Torch," on January 28, 2004. The first inventor's name is Han S. Uhm and the second inventor's name is Yong C. Hong. What is the status of this patent application? Is there any patent application number for this application? Please let me know of the status of this application. I appreciate your help for this matter. Thank you.

Sincerely yours,

Han S. Uhm
